Pillar gate post
Ht 1840
Base plate width 370
Pillar width 175

Also available:

ATVMRSGA005
Pair of 10ft Stewart
driveway gates
Max ht 1610
Width 1500 per leaf

Tall Stewart Collection

ATVMRSGA025

Pair of tall 12ft Stewart driveway gates
Max ht 2100
Width 1800 per leaf

ATVMRSGA026

Tall Stewart gate post
Ht 2200
Base plate width 370
Pillar width 175

ATVMRSGA008

Stewart half height
railing panel
Ht 980
Width 450

ATVMRSGA003

Half height intermediate
railing post
Ht 1150
Base plate width 180
Max width 100

Also available:

ATVMRSGA009
Stewart full height
railing panel
Ht 1550
Width 330

ATVMRSGA002

Stewart full height
intermediate railing
post
Ht 1720
Base plate width 265
Post max width 100

This stunning range of cast iron gates and railings are inspired from 19th century designs originating in Glasgow at the famous Sun Foundry, making the collection perfect for restoration and regeneration projects.

These particular patterns proved extremely popular and played an important part in the foundry's early success.

Crafted in solid cast iron with an equal passion and using the same traditional time honoured techniques as those that made the originals, the gates represent the finest quality available today.

Whilst the designs and materials used are totally authentic to the originals the gates have been developed with the modern homeowner in mind. The driveway gates have been designed to make installation simple and to allow for integrated automation systems to be incorporated. Intercom and electronic locking systems can also be used with the pedestrian gates.

All gates, railings and posts are supplied in a red lead primer and black undercoat in readiness for the final topcoat to be applied after installation.

Gilberton Collection

Also available:

ATVMRSGA012
Pair of 12ft Gilberton
driveway gates
Max ht 1610
Width 1800 per leaf

ATVMRSGA010

Gilberton pedestrian gate
Max ht 1610
Width 900 271

ATVMRSGA001

Pillar gate post
Ht 1840
Base plate width 370
